# REPUBLIC DAY CELEBRATIONS

The 71st Republic Day was celebrated in all its solemnity and grandeur by the students of classes VI to VIII. The students pledged to uphold the honour and integrity, diversity and uniqueness that is 'India'. The Principal, Ms. A. Aggarwal shared her views and welcomed the distinguished guests, invitees and parents. She asked all the students to be responsible so that they can perform their role as good citizens. The school auditorium reverberated with patriotic fervour and enthusiasm.

The students brought the stage alive with their passion and love for our motherland. The theme this year was 'Tagore: The Renaissance Man of India.' Tagore was a patriot, poet, novelist, short story writer, essayist, playwright, educationist, spiritualist, painter, lyricist, composer and singer – a rare set of distinctions and an unbelievable conjunction of talents. His creative works, which still influence billions of people globally, are a matter of pride for the people of India. Inspiring skits, a choir with foot tapping numbers and beautiful dances were the highlights of the day depicting the life and great achievements of the bard of Bengal. The mesmerizing performances enthralled everyone.

# *BASANT PANCHAMI CELEBRATIONS*

Basant Panchami marks the arrival of spring. It was celebrated with great enthusiasm by the students of Classes I and II on 30 January, 2020. The children came dressed up in yellow clothes and also brought coloured food for lunch. They worshipped Goddess Saraswati and chanted shlokas to seek her blessings for more knowledge and wisdom. The students enlightened everyone about the relevance and the mythological significance of this festival. An art competition was also held for the students and they drew pictures on the topic 'Nature'.

The festival Holi symbolizes the celebration of colours in Nature in the spring season. But unfortunately, like other festivals, Holi has become commercialised and yet another source of environmental degradation. To generate awareness amongst students to celebrate an eco friendly Holi, Eco club members made organic colours using, henna, turmeric, amla, gram flour and dried flower petals. This was followed by a talk on harmful effects of chemical colours.
